

Capability Statement

Core Competencies

- **United Spirit of America (USOA) delivers integrated Soldier Readiness and Expeditionary Sustainment solutions that enhance force health protection, reduce preventable medical degradation, and improve operational readiness through preventive health products, mission-tailored expeditionary kits, compliant military packaging, logistics integration, and lifecycle sustainment for the U.S. Department of Defense and Federal agencies.**
- Mass scale proven over 9,500,000 units delivered; 99.6% on-time delivery performance to DLA Troop Support, National Guard, Army, Air Force, AAFES, Department of Veterans Affairs and several other Department of War Agencies.
- Shelf-life and packaging innovation: up to 36-month shelf life in most cases; patented dome-style no-poke seal, light weight for ease of carry and mission mobility.

Differentiators

- **Fully U.S.-based end-to-end:** design, manufacture, packaging, and distribution are 100% domestic — reducing risk, enhancing control and meeting mission-critical timelines.
- **Mission-driven product design:** created by military-aware teams to address readiness threats (sunburn, insect bites, fungal infections) that compromise operations. See our “Warrior | Win Your Battles” brand alignment. www.usaspiritgov.com
- **Rapid ship-out capability:** 98% of orders shipped within 24 hours, supporting urgent deployment and contingency operations.
